~~Title: Apparatus for Printing and Memory Tag Application and method therefor~~

Apparatus for printing and memory tag application onto a base medium is described. ~~The apparatus includes a print head for printing onto the base medium, and a memory tag dispenser movable relative to the base medium for applying memory tags to the base medium. The print head may also be moveable relative to the base medium. A method of printing onto a base medium and applying a memory tag to the base medium is also described. It comprises the steps of:~~

- ~~i) — feeding the base medium along a first axis past a print head;~~
- ~~ii) — printing onto the base medium;~~
- ~~iii) — feeding the base medium past a memory tag dispenser; and~~
- ~~iv) — moving the memory tag dispenser relative to the base medium and applying a memory tag to the base medium at a desired location.~~
